

GUELPH EQUINOX

A NEW superior asparagus variety for commercial production

Quality & Yield

- Highest yielding of all our varieties
- Exceptional high yields
- Medium size spear production
- Very straight, uniform spears
- Early-mid season harvest peak
- Very vigorous fern production
- Performs on a wide range of soils
- Enhanced tolerance to replant situations

Climate

- Developed for temperate climates
- Extreme tolerance to cold winters

Fox Seeds Inc. has the exclusive worldwide rights to produce and sell asparagus seed from hybrids developed through the University of Guelph's breeding program in Ontario, Canada.
